

HOW TO MAKE YOUR HOSTEL A SAFER PLACE FOR THE HOSTEL RESIDENTS

AMPAIRE SHALLOTE 215006062 15/U/3415/EVE

1 ABSTRACT

The research is about how to make your hostel a safe place for the hostel residents. The place where the research was conducted is located in wandengeya on top of equity bank, the hostel is called equity bank hostel but most of the people call it ssekyaana super girls hostel. It's a single sex hostel only meant for girls only. The main aim of the research is to ensure that hostels are safe places for hostel residents.

2 Introduction

The safety and security of the hostels of the hostel residents should be a primary concern for the hostel management and administration. But this safety does not happen by accident. It needs to be constantly kept in mind to avoid any future problems. Even though, you cannot fully control the residents, safety outside your hostel, you can control what happens inside your hostel.

3 BACKGROUND TO THE PROBLEM

Keeping the hostel safe for your hostel residents is an important issue because it safeguards your residents' things for example laptops, phones and the rest of the property. It is very common to travel with valuables such as computers, cameras, smart phones, tablets which are mostly targeted by thieves so in some hostels for example Equity bank hostel in wandengeya the hostel management makes sure that the hostel residents register those targets with them including their serial numbers and the brands that is to say the names of the targets so that they are easily kept safe while they are at hostel because the visitors who come in also register their laptops and they are checked properly so that as they move out they only move out with their own targets. This security is so important to the extent that many OTAS factors into their reviews and rankings, with this in mind note that good security helps with positive reviews and rankings and avoiding negative ones.

4 PROBLEM STATEMENT

The insecurity is not good at all because it may lead to loss of property and sometimes loss of life and suffering because some residents may be killed, others may be raped which is not good at all so the hostel management must ensure that their hostels are safer places for their residents. Most hostels for example

like equity bank hostel have measures which ensure good security here they use askers and make sure all visitors are frequently checked and must move out of hostel at 10:00pm and must present valid Ids and when they dont have they are not allowed inside the hostel which makes it more safe .

5 OBJECTIVES

5.1

MAIN OBJECTIVE The purpose of making your hostel a safe place for your hostel residents is to maintain security.

5.2

SPECIFIC OBJECTIVES

- To maintain safety of the residents property and life ;
- To make the place more comfortable and convenient for the hostel residents ;
- To prevent spoiling of property of the hostel that is through fire breaks and so on :
- To make room for peace of mind of the residents.:

6 THE SCOPE

The target of this project is to ensure your hostel a safe place for your hostel residents.

7 RESEARCH SIGNIFACANCE

Keeping your hostels a safer place for your hostel residents is very important because it helps to secure the property of the hostel residents and their lives as well .This also helps making hostel resident comfortable which also increases the market of your hostel hence leading to high profits in your business

8 METHTHODOLOGY

Certain precautionary measures can be taken so that hostel residents feel more comfortable but not only about the security of their belongings.

- Reception desk 24/7, this reception desk is where they welcome visitors from and all other people who will be coming to hostel, there are many activities that take place here for example presenting of valid ids ,checking of visitors and their property ,singing in and out, and making sure that all visitors are out of the hostel by 10;00pm and all residents should be at hostel by midnight.;
- Safe lockers , The hostel management should make sure that the doors of students have safe and strong lockers to prevent thieves from breaking in easily the thieves may be within the hostel that is to say hostel residents so to make the hostel a safe place they make sure that the lockers are strong and safe.;
- Controlling the front door, The main door of the hostel should be controlled by the askers by making sure that it is closed by midnight and it opened immediately at 6.00am to prevent thieves ,robbers and many other people who have bad intentions from entering

9 CONCLUSION

, From the above information it clearly shows how hostels can be made a safer place for hostel residents .
